123. U.S. CITIZENSHIP AND IMMIGRATION SERVICES FEE SCHEDULE [1615-AC68]

Legal Authority: 8 U.S.C. 1356(m), (n)

Abstract: DHS will propose to adjust the fees charged by U.S. Citizenship and Immigration Services (USCIS) for immigration and naturalization benefit requests. On August 3, 2020, DHS adjusted the fees USCIS charges for immigration and naturalization benefit requests, imposed new fees, revised certain fee waiver and exemption policies, and changed certain application requirements via the rule "USCIS Fee Schedule & Changes to Certain Other Immigration Benefit Request Requirements." DHS has been preliminarily enjoined from implementing that rule by court order. This rule would rescind and replace the changes made by the August 3, 2020, rule and establish new USCIS fees to recover USCIS operating costs.

Legal Authority: 33 U.S.C. 2713 and 2714

Abstract: The purpose of this project is to remove superseded regulations at 33 Code of Federal Regulations (CFR) part 135, and to finalize the Oil Pollution Act of 1990 (OPA90) claims procedures at 33 CFR part 136. The OPA90 claims procedures, implementing OPA90 section 1013 (Claims Procedures) and section 1014 (Designation of Source and Advertisement), were established by an interim rule, titled "Claims under the Oil Pollution Act of 1990" (Interim Rule) that has not been substantively amended since it was published in 1992. This rulemaking supports the Coast Guard's strategic goal of protection of natural resources.

126. LIFEJACKET APPROVAL HARMONIZATION [1625-AC62]

Legal Authority: 46 U.S.C. 3306(a); 46 U.S.C. 3306(b); 46 U.S.C. 4102(a); 46 U.S.C. 4102(b); 46 U.S.C. 4302(a); 46 U.S.C. 4502(a); 46 U.S.C. 4502(c)(2)(B)

Abstract: The Coast Guard proposes to amend the lifejacket approval requirements and follow-up program requirements by incorporating new bi-national standards. At the same time, the Coast Guard proposes to amend lifejacket and personal flotation devices (PFDs) carriage requirements to allow for the use of equipment approved to the new standards, and to remove obsolete equipment approval requirements. The new standards are state-of-the-art and are intended to replace the legacy standards. The proposed amendments will streamline the process for approval of PFDs and allow manufacturers the opportunity to produce more innovative equipment that meets the approval requirements of both Canada and the United States, while reducing the burden for manufacturers in both the approval process and follow-up program. These proposed changes are expected to promote economic relief. The proposed rule is expected to promote economic relief by reducing the regulatory burden on PFD manufacturers by harmonizing our PFD approval standards with Canada, requiring less frequent inspections of manufacturing facilities, providing lower cost PFD user manuals, and by creating a new market in PFDs with a lower buoyancy rating. This rule is consistent with Executive Order 14058, which directs agencies to take actions that improve service delivery and customer experience by decreasing administrative burdens, enhancing transparency, and improving the efficiency and effectiveness of government.

[1625-AB85]

Legal Authority: 46 U.S.C. 4502 and 5103; Pub. L. 111-281

Abstract: The Coast Guard would implement 2010 and 2012 legislation that pertains to uninspected commercial fishing industry vessels. The requirements took effect upon enactment of the legislation but require amendments to Coast Guard regulations to be implemented. Coast Guard is changing the applicability of the regulations, and adding new requirements to safety training, equipment, vessel examinations, vessel safety standards, the documentation of maintenance, and the termination of unsafe operations. This rulemaking promotes the Coast Guard's maritime safety mission.

Abstract: This final rule implements the provisions of section 203 of the Security and Accountability for Every Port Act of 2006. On November 25, 2008, Customs and Border Protection (CBP) published an interim final rule (CBP Dec. 08–46) in the **Federal Register** (73 FR 71730), that finalized most of the provisions proposed in the Notice of Proposed Rulemaking. It requires carrier and importers to provide to CBP, via a CBP approved electronic data interchange system, certain advance information pertaining to cargo brought into the United States by vessel to enable CBP to identify high-risk shipments to prevent smuggling and ensure cargo safety and security. The interim final rule did not finalize six data elements that were identified as areas of potential concern for industry during the rulemaking process and, for which, CBP provided some type of flexibility for compliance with those data elements. CBP solicited public comment on these six data elements and also invited comments on the revised Regulatory Assessment and Final Regulatory Flexibility Analysis. (See 73 FR 71782-85 for regulatory text and 73 CFR 71733-34 for general discussion.)

129. IMPLEMENTATION OF THE GUAM-CNMI VISA WAIVER PROGRAM (SECTION 610 REVIEW) [1651-AA77]

Legal Authority: Pub. L. 110-229, sec. 702

Abstract: The interim final rule amends Department of Homeland Security (DHS) regulations to implement section 702 of the Consolidated Natural Resources Act of 2008 (CNRA). This law extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a joint visa waiver program for travel to Guam and the CNMI. This rule implements section 702 of the CNRA by amending the regulations to replace the current Guam Visa Waiver Program with a new Guam-CNMI Visa Waiver Program. The amended regulations set forth the requirements for nonimmigrant visitors who seek admission for business or pleasure and solely for entry into and stay on Guam or the CNMI without a visa. This rule also establishes six ports of entry in the CNMI for purposes of administering and enforcing the Guam-CNMI Visa Waiver Program. Section 702 of the Consolidated Natural Resources Act of 2008 (CNRA), subject to a transition period, extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a visa waiver program for travel to Guam and/or the CNMI. On January 16, 2009, the Department of Homeland Security (DHS), Customs and Border Protection (CBP), issued an interim final rule in the Federal Register replacing the then-existing Guam Visa Waiver Program with the Guam-CNMI Visa Waiver Program and setting forth the requirements for nonimmigrant visitors seeking admission into Guam and/or the CNMI under the Guam-CNMI Visa Waiver Program. As of November 28, 2009, the Guam-CNMI Visa Waiver Program is operational. This program allows nonimmigrant visitors from eligible countries to seek

admission for business or pleasure for entry into Guam and/or the CNMI without a visa for a period of authorized stay not to exceed 45 days. This rulemaking would finalize the January 2009 interim final rule.

Legal Authority: Pub. L. 114-190, sec. 3405

Abstract: As required by the FESSA, TSA will propose a rule to revise its regulations, reflecting current knowledge of insider threat and intelligence, to enhance the eligibility requirements and disqualifying criminal offenses for individuals seeking or having unescorted access to any SIDA of an airport. Consistent with the statutory mandate, TSA will consider adding to the list of disqualifying criminal

offenses and criteria, develop a waiver process for approving the issuance of credentials for unescorted access, and propose an extension of the look back period for disqualifying crimes. As part of TSA's reevaluation of the eligibility and redress standards for aviation workers required by the Act, TSA is also reevaluating the current vetting process to minimize any security risks that may exist.

132. CHEMICAL FACILITY ANTI-TERRORISM STANDARDS (CFATS) [1670-AA01]

Legal Authority: 6 U.S.C. 621 to 629

Abstract: The Cybersecurity and Infrastructure Security Agency (CISA) previously invited public comment on an Advance Notice of Proposed Rulemaking (ANPRM) during August 2014 for potential revisions to the Chemical Facility Anti-Terrorism Standards (CFATS) regulations. The ANPRM provided an opportunity for the public to provide recommendations for possible program changes. In June 2020, CISA published for public comment a retrospective analysis of the CFATS program. And in January 2021, CISA invited additional public comment through an ANPRM concerning the removal of certain explosive chemicals from CFATS. CISA intends to address many of the subjects raised in both ANPRMs and the retrospective analysis in this regulatory action, including potential updates to CFATS cybersecurity requirements and Appendix A to the CFATS regulations.
